PGA of Ontario Announces New Partnership with Two Way Radio

September 16, 2016

The PGA of Ontario and Two Way Radio are proud to announce a new strong partnership that will bring big value to our membership. Two Way Radio is a Canadian communications company and authorized Motorola Solutions and Vertex dealer, providing the best communication tools available at the best price. Regardless of industry, their vast selection of Motorola and Vertex products are sure to enhance your business operations with effective, reliable and quality equipment.

"Whether you're purchasing two-way radios and accessories for the first time or adding to an existing fleet, our knowledgeable staff is happy to find the right solution for your needs and budget. For any golf courses within approximately 2 hours drive from the GTA we can offer an onsite demonstration to field test the equipment before making a buying decision. For golf courses beyond that reach, just contact us and we can make arrangements to send demos for you to try out."

Juris Utnans, Founder Two Way Radio

Two Way Radio will be an active partner of the PGA of Ontario going forward and will have a presence at the 2016 Golf Industry Expo, on November 2-3, with full tutorials and showcasing how efficient and powerful your fleet can be when your team is equipped with the right tools. Their experience within the golf industry already speaks for itself...

"Having the Motorola DTR550 two way radios has changed our entire operation. Everything is so efficient now. Our Back Shop, Starters, Guest Services and Proshop staff are all outfitted with them. We are into year two with them and they've been fantastic since Day 1."

"These Motorola DLR1020 Radios were the best investment for my staff this year. They are small and efficient and the communication it provides from my pro shop staff to backshop staff is perfect. Every golf operation should invest in these!"
